

Call for Participation

We invite you to join us in **12th International Conference on Mobile & Wireless Networks (MoWiN 2023)**

This conference is dedicated to address the challenges in the areas of wireless & mobile networks. The conference looks for significant contributions to the Wireless & Mobile computing in theoretical and practical aspects. The Wireless & Mobile computing domain emerges from the integration among personal computing, networks, communication technologies, cellular technology and the Internet Technology. The modern applications are emerging in the area of mobile ad hoc networks and sensor networks. This conference is intended to cover contributions in both the design and analysis in the context of mobile, wireless, ad-hoc and sensor networks. The goal of this conference is to bring together researchers and practitioners from academia and industry to focus on advanced wireless & Mobile computing concepts and establishing new collaborations in these areas.

Highlights of MoWiN 2023 include:

- 10th International Conference on Data Mining and Database (DMDB 2023)
- 16th International Conference on Network Security & Applications (CNSA 2023)
- 4th International Conference on Natural Language Processing, Information Retrieval and AI (NIAI 2023)
- 10th International Conference on Artificial Intelligence and Applications (AIAP 2023)
- 10th International Conference on Bioinformatics and Bioscience (ICBB 2023)
- 12th International Conference on Information Theory (IT 2023)
- 13th International Conference on Computer Science, Engineering and Information Technology (CCSEIT 2023)
- 4th International Conference on Signal Processing and Machine Learning (SIGML 2023)
- 4th International Conference on Cloud and Internet of Things (ICCIoT 2023)

Registration Participants

Non-Author / Co-Author/ Simple Participants (no paper)

250 USD (With proceedings)
